

Contract for Completion of Incomplete Coursework

The mark of I – Incomplete is intended to allow a student to complete the required work for a course after the semester has ended, if, in the judgment of the instructor, there is a legitimate reason why the work could not have been completed during the term. Incompletes (I) may be given only when the student has not completed all of the required work and when there is a reasonable probability that the student will complete the requirements successfully **without again attending regular class sessions**. If additional class attendance is required, the student must reregister for the course. The student must be passing at the time the Incomplete is given.

The work must be completed and a change of grade filed with the Office of the Registrar within one year of the end of the term when the course was originally taken. Any unchanged Incomplete at the end of the one-year will be changed to a grade of F. University statute clearly stipulates that no extension to the one-year limit is permitted and that once an Incomplete has been changed to an F, it cannot be changed again. The only recourse for a student not completing coursework in the time allowed is to repeat the course. **Instructors have the right to establish a deadline that is earlier than one year.**

Responsibility for completing all course work rests with the student. Responsibility for grading the completed work and reporting the grade change to the Office of the Registrar in a timely fashion rests with the instructor.
