- Travel allotment
- Research laboratory
- Teaching resource center

Wayne State University is located in the heart of the University Cultural Center and only a short distance from first-class museums, theatres, concert halls, and sports arenas, and from the border with Canada. The Detroit metropolitan area provides excellent graduate research opportunities. Many institutions and organizations, including major medical centers, manufacturing organizations and state and federal agencies are located close to campus. Robust public relations and media industries also create opportunities for research. A diverse campus and region, filled with unique communities, restaurants, and cultural attractions await prospective students.
